June 2017

Employment and Training Division
Ministry of Advanced Education and Skills Development

Purpose

- **To provide an overview of the Canada-Ontario Job Grant, including:**
 - Background & Context
 - Program Description
 - Program Eligibility
 - Program Delivery

Context

- On March 28, 2014 Ontario signed the Canada-Ontario Job Fund Agreement with the federal government.
- The agreement is a key source of funding to support Ontario employers to develop their workforce through employer-driven training.
- The Canada-Ontario Job Fund Agreement (JFA) provides approximately \$192 million per year for the next six years (2014-15 to 2019-20).

COJG Skills Training Pilots

- In addition to implementing the COJG, Ontario uses the Grant to support two skills training pilots to encourage employers to take a greater role in workforce training:
 - **Canada-Ontario Job Grant: UpSkill** (COJG: UpSkill) funds partnerships between employers and training providers to develop and deliver sector-specific integrated essential and technical skills training, to meet the shared workforce needs of employers within specific sectors.
 - **Canada-Ontario Job Grant: Customized Training** (COJG: Customized Training) funds partnerships between individual employers and training providers to develop firm-specific training solutions.
- COJG: UpSkill Training accepts applications through a Request for Proposal (RFP) process.
- COJG: Customized Training accepts applications on a continuous basis. These applications are reviewed on a quarterly basis.
- More information on the COJG pilots can be found at:

COJG Program Description

The Grant provides direct financial support to individual employers who wish to purchase training for their workforce.

- **Employers choose** the individuals they would like to have trained, and the training that meets their workforce development needs

- Government covers 2/3 of direct training costs, up to \$10,000 per trainee. Small-medium employers (50 employees or less) who are training and hiring unemployed individuals may be eligible for 100% funding and up to \$15,000 per trainee. The applications with “New Hire” trainees will be automatically assessed for 100% funding.
- The maximum support for textbooks, software and other training materials are \$500 for each trainee.
- The maximum allowable support for travel costs are \$500 per trainee and is only supported when the distance travelled is greater than 24 km each way.

The following types of training are ineligible for COJG funded training:

- The ministry will not provide COJG funding for training that the employer must provide according to the law.
- Business owners, including individuals with a controlling interest in corporations, are not eligible as trainees.

Product Vendor Training

- For the purpose of the COJG, product vendor training is defined as any application where the vendor is involved in the creation/sale of the product and is also conducting the training in how to use that particular product.
- “Product” refers to business-related materials (e.g. technology/equipment, software, or proprietary process) purchased by the employer.
- **Product vendors are ineligible to deliver training on how to use the product or service.**
- **Product vendors are only eligible to deliver training that is unrelated to the use of the product or service.**

Employer Financial Contribution

Government covers 2/3 of direct training costs

Employer (more than 50 employees) covers a minimum of 1/3 of direct training costs in cash.

Small or medium-sized employer (50 employees or less) have the option to contribute 50% of their required contribution through wages.

Program Implementation

The program is delivered through two streams:

- Training requests for up to 25 participants (also called “25 and under”)
- Training requests for more than 25 participants (also called “over 25”)

Program activities for each stream are the same, but the manner in which they are delivered is different.

- For the “25 and under” stream the ministry will contract with service providers to deliver the program to employers.

- For the “over 25” stream, the ministry will deliver the program directly to employers, and contract with specific service providers to carry out administrative case management tasks.

Employer Application Form

- Employers view, complete and submit the application form online. Applications are reviewed on a continual basis.
- For training requests involving 25 or less training participants, employers submit the form to a COJG service provider (self-selected).
- For training requests involving more than 25 training participants and applications submitted by consortia, forms are submitted to Ministry regional offices based on the location of the training.
- Employers/Consortia requesting training for over 25 participants must also complete an Electronic Funds Transfer form.
- Employers must submit their application prior to the start of training.
- Employers should allow a minimum of 12 business days for their application to be processed.

Application Assessment Criteria

- Each application received for funding under the Canada-Ontario Job Grant is assessed to determine eligibility. Each application **must** meet all the eligibility requirements to be considered for funding.
- **It is important to note that meeting all eligibility requirements does not necessarily guarantee funding of the application.**
- COJG applications are assessed by ministry staff and service providers, to ensure:
 - validity of applications and training
 - funding decisions provide value for money and are in line with ministry priorities

COJG Assessment Tool – Tiers

- The COJG applications are sorted into tiers to ensure that funded applications are in line with ministry strategic priorities.
- Tier 1 is defined as any training which will result in a new or better job (includes retaining employees who have received a formal notice of layoff) and is the first approved application for the employer in the last 6 months.
- Tier 2 is defined as any training that will lead to a new or better job but the employer has had an approved COJG application in the past 6 months or the incumbent employee will not receive an increase in wage or change in position. Tier 2 applications will only be funded if there is funding remaining after Tier 1 applications are funded.
- Tier 3 is defined as an application that supports incumbent employees with the training cost per trainee below \$500 and under 1 week in duration or the employee is required to have the training due to legislation, regulation or policy.
- For applicants in Tier 3, consideration will be only given if there are no pending applications in Tier 1 & 2, and availability of COJG budget.

Next Steps for Employers

- Employers need to ensure that all forms are filled out correctly including and submitted to the appropriate office:
 - Employer Application form
 - Participant Registration form
 - Employer Registration form (for Consortia applications)
 - Electronic Funds Transfer form (for Over 25/ Consortia applications)
- Employers are responsible to pay the training provider the full amount of the training and will be reimbursed by the service provider or Ministry.
- Employers receive up to 85% reimbursement of funding upon presentation of the proof of payment to the training provider.
- Employers receive the remaining reimbursement following the completion of the training, the submission of the completed Training Outcome Report and the completion of the Employer Attestation of In-kind Contribution (if applicable).
