
Open Data and Data Release

September 2016

Finance, Analysis and System Support Branch

Employment and Training Division
Ministry of Advanced Education and Skills Development

ETD and Open Data

- MAESD's inventory of data assets will be published in the Fall on the [Open Data Catalogue](#).
- The ministry continues to prepare the following datasets for release as Open Data in the months ahead:
 - ES Performance by Service Delivery Site (Report #13)
 - ES Allocations and Expenditures by Service Delivery Site
 - ES Client Profiles (including Suitability Indicators) by Service Delivery Site
 - ES Client Outcomes by Service Delivery Site
 - COJG Application and Financial Data
 - EO Annual Datasets for Local Boards/LEPCs
- Datasets and all supporting materials will be shared with service providers and SDAG members via the Employment Ontario Partners' Gateway prior to publication on the Open Data Catalogue.
- The release of these datasets will be accompanied by data visualizations.

Request for Input: ETD Open Data Release Schedule

- The ministry is developing a schedule for the release of further Open Data sets over the next several fiscal years, and is consulting with ministry staff, stakeholders, service providers (including through SDAG and the EOIS Service Provider External Reference Group) and the public.
- Datasets are prioritized for release on the basis of whether the data will enhance program efficiency, improve transparency and accountability, and meet the needs of staff, stakeholders, and the general public.
- The ministry would appreciate input from SDAG members on the following questions:
 - *If you could access one data set, which data set would it be?*
 - *What data would you make use of if it were released as Open Data?*
 - *What requests for data do you receive from the general public?*

If you have any questions about the data sets being prepared for publication, the development of the release schedule, and/or the work of the Open Data Team in general, please contact:
